INDEPENDENT AUDITOR'S REPORT

To the Management of the Armenian Territorial Development Fund

Opinion

We have audited the special purpose financial statements of "Seismic Safety Improvement Program" ("Program") financed by Loan Agreement ADB Loan Number 3284-ARM(SF) dated 19 October 2015 ("Loan Agreement"), and implemented by the Armenian Territorial Development Fund ("ATDF"), which comprise the statement of cash receipts and payments, the statement of uses of funds by program activity for the year ended 31 December 2022, and notes to the special purpose financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the cash flows for the year ended 31 December 2022 in accordance with International Public Sector Accounting Standards: *Financial Reporting Under the Cash Basis of Accounting, (IPSAS-Cash Basis)* and ADB Program Financial Reporting and Auditing Guidelines ("ADB Guidelines").

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as issued by International Auditing and Assurance Standards Board (IAASB). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report.

We are independent of the Program and of the ATDF in accordance with the *International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code)*, and we have fulfilled our other ethical requirements in accordance with IESBA Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter - Cash Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes that financial statements are prepared in accordance with cash basis framework, as a result, they may not be suitable for another purposes. Our opinion is not modified in respect of this matter.

Responsibilities of the Management for the Financial Statements

Management of the ATDF is responsible for the preparation and fair presentation of the special purpose financial statements in accordance with IPSAS-Cash Basis issued by the International Public Sector Accounting Standards Board (IPSASB) and ADB Guidelines, and for such internal control as management determines is necessary to enable the preparation of special purpose financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Audit of the Special Purpose Financial Statements

Our objectives are to obtain reasonable assurance about whether the special purpose financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is high level of assurance but is not a guaranty that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists.

Misstatements arise from fraud and error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these special purpose financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the special purpose financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Evaluate the overall presentation, structure and content of the special purpose financial statements, including the disclosures, and whether the special purpose financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal Requirements

To comply with the terms of the Loan Agreement, the ATDF management shall insure that:

1. funds have been used in accordance with the conditions of the Loan Agreement concluded between the Asian Development Bank (ADB) and the Republic of Armenia, and ADB Guidelines, with due attention to economy and efficiency, transparency and accountability, and only for the purposes for which the financing was provided;
2. supporting documents, records and accounts have been kept in respect of all Program ventures, including those relating to DLIs achievements reports. Respective reports issued during the period were in agreement with the underlying books of accounts;
3. the Deposit Account used has been maintained in accordance with the provision of the Loan Agreement, and ADB related guidelines;
4. not procuring works, goods and services from the countries that are not members of the ADB, and not making expenditures for any prohibited investment activities provided in Appendix 5 of ADB's Safeguard Policy Statement.

In our opinion, the Project management has complied with the above requirements for the year ended 31 December 2022, including for item 4 above since the commencement of the Project till reporting date.
